

Automatic **SLIDING GATE**

Automatic Sliding Gate combines security, elegance, and convenience for modern properties. Designed with robust construction and precision engineering, it ensures smooth and silent movement even with frequent use. Integrated with advanced motor technology, it supports remote and sensor-based operation for effortless access. Weather-resistant and low-maintenance, this gate enhances property safety while adding a premium touch to residential, commercial, and industrial entrances.

OPERATION

Remote Control

Push Button

WiFi (optional)

UHF raider(optional)

loop Detector (optional)

Parking system (optional)

SPECIFICATION

Model	Watt	Motor Speed	Output Torque	Gate Speed	Max Gate Weight	Working Temperature	Noise	Protection Class	Duty Cycle	Certificate
GSL 700IP	550W	1400 RPM	20Nm	12 m/min	700 KG	-45JI ~ +65JI	≤56dB	IP44	100%	CCC CE
GSL 1300P	550W	1400 RPM	22Nm	12 m/min	1300 KG	-45JI ~ +65JI	≤56dB	IP44	100%	CCC CE
GSL 1600IP	750W	1400 RPM	27Nm	12 m/min	1600 KG	-45JI ~ +65JI	≤56dB	IP44	100%	CCC CE
GSL 2000IP	750W	1400 RPM	45Nm	12 m/min	2000 KG	-45JI ~ +65JI	≤56dB	IP44	100%	CCC CE
GSL 3000IP	1200W	1400 RPM	90Nm	18 m/min	3000 KG	-45JI ~ +65JI	≤56dB	IP44	100%	CCC CE
GSL 4000IP	1500W	1400 RPM	120Nm	16 m/min	4000 KG	-45JI ~ +65JI	≤56dB	IP44	100%	CCC CE
